

Delphi Technologies

QUALITY YOU CAN TRUST

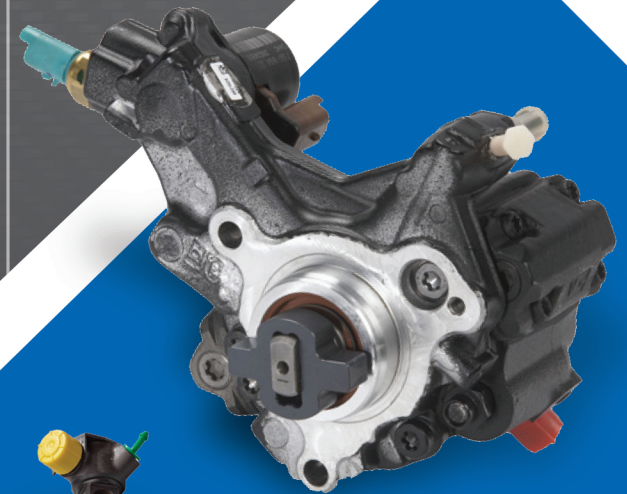

Delphi's remanufactured All Makes diesel injectors reflect their OE technological experience, ensuring each diesel injector meets genuine OE specifications and provides optimal engine performance.

THE DELPHI DIFFERENCE

Choosing Delphi parts means you get high quality, but you also get parts that are OE-engineered and tested to fit right the first time and perform for the long haul. So when vehicles are in your shop, you can turn them around quickly and with confidence.

Delphi Technologies

NOW AVAILABLE
**REMANUFACTURED
OEM FUEL PUMPS AND
INJECTORS FOR BOBCAT
APPLICATIONS**

Delphi
Technologies

**QUALITY
REMANUFACTURED
PUMPS & INJECTORS.**

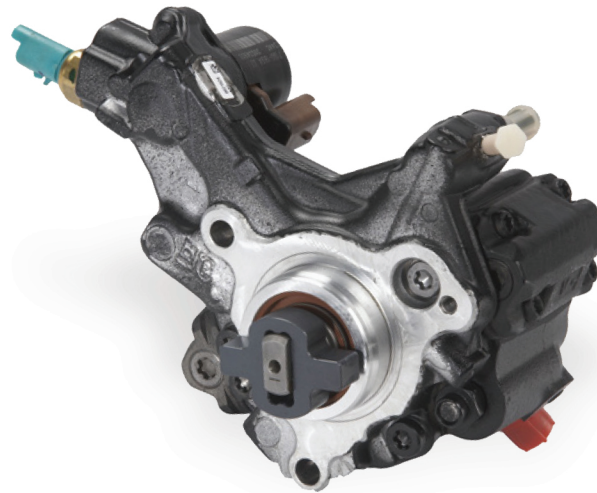

Delphi is proud to introduce this range of remanufactured product covering Bobcat Tier 4 applications.

Delphi uses the same OE expertise and stringent standards for their remanufactured OE pumps and injectors as they do for their new OE applications.

PRODUCT HIGHLIGHTS:

- New nozzle, NOP spring, control valve and unique trim code to ensure optimal performance and service life
- New inlet metering valve, new head assemblies and new transfer pump assembly to guarantee OE quality, performance and durability
- 100% O-ring and seal replacement to ensure proper sealing
- 12 month, unlimited-mileage warranty

Delphi Injector Reman Part Number	OE Part Number	Engine Size	Bobcat Part Number
EX631088	28337917	1.8/2.6L Tier 4	7334032REM, 7030364, 7275454
EX631089	28347042	3.4L Tier 4	7334041REM, 7261663

Delphi Pump Reman Part Number	OE Part Number	Engine Size	Bobcat Part Number
EX836101	28526888	2.6L Tier 4	7030405, 7249380, 7334040REM
EX836100	28526390	3.4L Tier 4	28309815, 7256789, 7334031REM

Each pump and injector is remanufactured to deliver the quality that you have come to expect from Delphi.
